Services, or by calling the  
Juneau County Sheriff's Dept.

# SUPPORT EDUCATION ADVOCACY EQUALS CHANGE

[www.jcseaofchange.org](http://www.jcseaofchange.org)

is a nonprofit 501c3 organization providing: phone referrals, case management and rapid re-housing. SEA of Change works in collaboration with Juneau County Department of Human Services as well as with city, county and state agencies. We also work in conjunction with other nonprofit organizations, schools and churches to meet our consumers' needs.

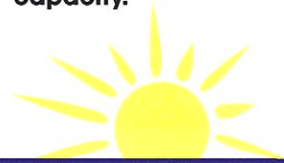

## Our Mission

The mission of SEA Of Change is to act as a source of support, education and advocacy on behalf of the people in need of shelter and support in our community. We aim to provide direct assistance in a variety of ways to those who are in transition. We also strive to raise awareness on topics and issues that lead to and prolong homelessness so that we can take steps to reduce the occurrence and duration of homelessness.

## TODAY and TOMORROW

SEA of Change operates transitional houses in Mauston and is expanding to other towns. Families are introduced to goals and strategies to become rent-ready.

The need is greater than our current capacity.

## Some definitions to describe homelessness

A person is considered homeless when:

Staying with family or friends as temporary housing.

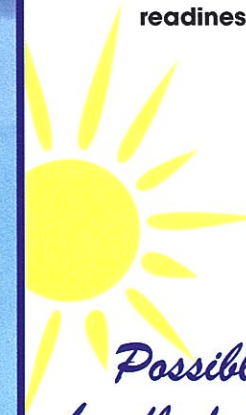

Being evicted from a private dwelling unit (includes being evicted from a friend or family home), and has no subsequent residence: lacks resources / network needed to obtain housing.

Residing in places not meant for human habitation; such as cars, parks or abandoned buildings.

## When People Reach Out

We guide our consumers to create goals that lead them in learning to become independent, and able to create their own success. This can be accomplished through education, job readiness and confidence.

*Possibly the biggest hurdle for our struggling neighbors is gaining a sense of hope and confidence in themselves.*
